

XIANGHU LIBERTY MANOR

IMMERSE YOURSELF IN THE SECLUDED
TRANQUILITY OF XIANG LAKE' S MANOR

Xianghu Liberty Manor is a luxury venue located within the Xianghu National Tourism Resort. Designed by the award-winning GOA Elephant Architecture Design Company and MOD Ink Design Studio, Liberty Manor leverages the area's scenic beauty, including the picturesque lake and mountains, to create a stunning canyon-like landscape with cascading water, rock walls and lush vegetation. The Manor's interior design draws inspiration from Xianghu culture, focusing on classical opera and blending historical heritage with modern style. The architectural space and the felt experience combine to create a secluded and luxurious resort ambiance.

Liberty Manor enjoys a fantastic setting, surrounded by historic sites, leisure and entertainment facilities, and family-friendly vacation destinations. Among these attractions are the Kuahu Bridge Site Museum, exploring the history of the "108 ancient bridges" that connected the region's 8,000-year-old culture. Another attraction is Yuewangcheng, the former capital of the Yue state during the Warring States period, and Chengshan Square, which together tell the stories of King Goujian's defense against the Wu forces. A stroll through the Zhejiang Modern Ceramic Art Museum adds an artistic perspective, rounding out destinations that allow visitors to immerse themselves in the past and appreciate the present.

DWELL BY THE LAKE AND LIVE THE DREAM OF ELEGANCE

Rooms at the Manor are designed with the concept of "the world beyond the stage," including curved corridor designs resembling curtains, inviting you to step backstage. Each room's colorful wall decorations are reminiscent of the "cloud shoulders" of Yue Opera performers, while the exquisite ornamental verve and sublime furniture create an elegant resting space.

There are 156 rooms and suites starting from 45 square meters. Rooms are equipped with amenities, including Nespresso capsule coffee machines and JBL wireless charging Bluetooth speakers. Most rooms feature outdoor terraces, offering panoramic views of the picturesque lake or garden, allowing you to enjoy a peaceful lakeside experience that rejuvenates both body and soul.

ELYSIAN ALL DAY DINING RESTAURANT

Elysian All Day Dining Restaurant brings together Western and Chinese cuisines, along with local flavors. On offer are buffet breakfast, Western and Chinese set meals, and themed afternoon tea. Elysian's spatial design illustrates the beauty of a shimmering lake in the morning light, complemented by the picturesque view of the courtyard outside the window, allowing you to enjoy the dual pleasures of sight and taste.

TWO LEAVES RESTAURANT

Two Leaves Restaurant creates a leisurely and pleasant atmosphere with neatly arranged bookshelves whose spines depict the beautiful scenery of Xiang Lake. The interior setting complements the tranquil outdoor garden scenery and its bubbling streams. The chef team selects from premium ingredients to create Mediterranean cuisine and Western-style light snacks, offering you a rich and varied taste experience that harmonizes with the mountains, rivers and lakes.

INSPIRED MEETINGS & EVENTS

Liberty Manor boasts a 300-square-meter ballroom and a 150-square-meter multi-function meeting room, both equipped with state-of-the-art conference facilities. The ballroom additionally has a naturally lit foyer and viewing terrace connected to an immaculately maintained outdoor lawn space, seamlessly blending with nature. The Oriole Pavilion features a weaving theme inspired by the tale of a Ying girl assisting Liu Lang in weaving the Ten Scenes of West Lake. This unique area is ideal for small-scale media events or cocktail parties. Attendees can further enjoy the outdoor terrace, making each meeting or social event lively and enjoyable.

CHINESE PRIVATE DINING ROOMS

The Manor features three Chinese private dining rooms. Each has its own unique style inspired by the culture of the Ten Scenes of West Lake. Named "Deer's Cry," "Butterfly's Shadow" and "Oriole's Song," the rooms can accommodate 8-16 people for dining. Through each room's panoramic floor-to-ceiling windows, diners can enjoy the changing scenery of the four seasons. The menu features fresh, seasonal ingredients in the creation of carefully crafted Hangzhou-style cuisine, local dishes from Xiaoshan and innovative creations crafted by the head chef. We welcome you to indulge in authentic and abundant delicacies in a refined setting that's perfect for intimate gatherings and banquets.

REFRESH YOUR BODY AND MIND

The Manor's sports and leisure area is well-equipped with fitness facilities. The indoor constant temperature swimming pool and children's pool are inspired by the transformation of a caterpillar into a butterfly. Here, butterflies in varying poses present a beautiful scene of love and companionship. You can relax, refresh and be moved in the light-filled, airy space. The "Liberty Workshop" is a parent-child space specially designed for family guests. It is a place where families can play, relax and enjoy a beautiful time together.
